TP = Trial Placement: Non state-identified students will enter the GT setting with state identified students based on a rank system using various data. Parent permission must be granted through paperwork before TP can begin.

SCOUT= Using MAP data and teacher recommendation form, GT teacher will work with academically advanced students to expose them to GT logic and reasoning in preparation for state ID testing. Parent permission is not needed, but communication is favored.

Open Enrich = Dedicated time for any grade level student to receive enrichment at teacher's request. Parent permission is not needed.
